

Employees Welcome to Sadie

eSchool Solutions is proud to welcome Sadie, our industry-leading, interactive, web-based training system for SmartFind Express. With Sadie, you have your own 24/7 personal SmartFind Express trainer. Whether you are just beginning to learn SmartFind Express or you need to refresh your skills on selected topics, Sadie gives you the convenience of learning at your own pace and at a time convenient to your schedule.

So, how do you begin using this new interactive learning tool? It's easy! Just follow the three steps below.

Step One

Sign on to the eSchool Solutions web page (www.eschoolsolutions.com). Look for "SADIE" on the top menu of the page. Click on the link.

Step Two

The link in Step One will display a page that gives you four different SmartFind Express training options. Click on the employee training.

Step Three

A welcome screen for your training session will display and you will be asked to push the Forward button to load the training. After loading, the training session will begin. If this is your first session with Sadie, it will be important that you complete the first introductory session. In this session, you will learn how the different modules are presented and how to navigate using the Forward, Back, and other buttons.
