SUBJECT: Membership for the First Month of the 2006-07 School Year

DATE: October 4, 2006

ACTION: FYI

Charlotte-Mecklenburg Schools' K-12 membership for the first month is	129,011
Compared to the same period for the 2005-06 school year, this number is	5,222
Compared to the summer 2006 projected enrollment figures, this number is	780
Our Pre-Kindergarten enrollment presently stands at	3,268
Combining PreK with K-12 totals gives CMS at total membership of	132,279

The first chart is a listing of PreK schools and their membership for the current month.

The following pages are a summary of the membership by Grade, Ethnic Designations of White, African American, Asian, Hispanic, American Indian, Multi-racial and Total. These are followed by Average Daily Membership (ADM), Average Daily Attendance (ADA), and % of Average Daily Attendance. On the cover page:

- SP-ED indicates the number of self-contained Exceptional Children (EC) students in membership.
- Total gives a total sum of each column, excluding the SP-ED numbers.
- Grand Total indicates the total membership as of the current month end.
- This Month Last Year indicates the membership for the same month in the previous school year.
- Difference is the increase in membership compared with the same month in the previous school year.

Following the cover page, membership by school is given for each grade and the total in that school for White, African American, Asian, Hispanic, American Indian, Multi-racial, Total ADM, ADA, and %ADA. If the school has self-contained EC students they are included in the appropriate grade level and again in the *SPEC* column to indicate the total number of self-contained EC students in each school.

This report is prepared and distributed at the end of each school month.
