

▶ Coulwood Middle School

A Message from the Principal

To our Coulwood Middle School families:

I am pleased to present the School Progress Report for Coulwood Middle, part of our efforts to keep you fully informed about our students' academic progress, our staff accomplishments and our school environment.

Coulwood offers a warm, supportive school climate, coupled with high expectations to increase each child's academic, social and emotional skills. Every member of the Coulwood staff is dedicated, courteous and highly capable. It is our mission and intention for all students to be successful and attain high academic levels in middle school. Our educational goal is to prepare students to become high-achieving lifelong learners.

At the end of the 2009-2010 school year, 65 percent of Coulwood students met proficiency standards on the state End-of-Grade math and reading tests, and more than 95 percent were proficient in algebra. We made Expected Growth overall and High Growth in several of the tested grades and subject areas. We have been designated a School of Progress by the state.

Coulwood did not make Adequate Yearly Progress, the standard set for schools by the No Child Left Behind Act. We did, however, meet 25 of our 29 targets. We are very proud of our accomplishments and are moving forward to support students and increase achievement scores.

Our instructional planning model is rooted in teaming and research-based teaching practices. Through content-mapping and common assessments, we modify instruction to meet our students' individual academic needs. We gather data to identify students' learning pace, and we develop interventions to address their learning needs.

In addition to the regular curriculum, Coulwood offers a diverse range of extracurricular opportunities—from nationally touring performing arts groups in band and orchestra to our regional award-winning Battle of the Books team. We also provide many leadership opportunities for our students.

2009-2010 KEY FACTS

Data effective as of spring 2010

Grades

6 - 8

School Population

- Students: **832**
- Classroom Teachers: **45**
- Support Staff:
 - 2 Assistant Principals
 - 1 English as a Second Language Teacher
- 0.1** Speech Pathologists
- 8** Exceptional Children Teachers
- 0.5** Social Workers
- 2 Academic Facilitators
- 2 Counselors
- 26** Other

Student Demographics

- African-American..... **65.1%**
- White..... **16.5%**
- Hispanic..... **11.4%**
- Asian..... **2.3%**
- Other..... **4.7%**
- Economically..... **71.5%** disadvantaged students

Additional Facts*

- Per-pupil expenditure **\$5,420**
- Teacher-to-pupil ratio **1:20**
- Student-mobility rate **20%**

**Click here for more information.*

► Coulwood Middle School

(Principal's message continued)

Our faculty is strong, with more than 43 percent holding master's degrees and 11 percent National Board certified. Coulwood has outstanding community support. Many of our staff members have direct family ties to the school.

Community and family involvement at Coulwood is important to the continued growth and success of our school. Our staff communicates regularly with parents through multiple media sources. In addition, we offer monthly parent-support workshops and test-prep sessions before each state testing period. Coulwood reaches out beyond our school doors by hosting a community breakfast for local senior citizens in December and by promoting community-service activities involving our students throughout the year.

We are grateful to have many partners who give time, talent and treasure to our school. For example, Communities In Schools offers human-service support and college preparation for our students, while

Carolinas Medical Center Behavioral Health provides counseling and support to our families. Many local businesses also invest time and resources in our school.

Coulwood cherishes its rich heritage in the Charlotte-Mecklenburg community. Since 1962, we have offered quality educational leadership and programs for all who have entered our doors. Please join us in celebrating our past accomplishments while working hard to support our efforts to build a better and brighter future for each and every student.

Sincerely,
Rachel Goldberg
Principal

What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2009-10 school year in making progress on these seven goals. On the final page, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

Coulwood Middle School

PROGRESS REPORT

CMS 2010 Strategic Plan Goals	Key Performance Measures	CMS 2010 Goal	CMS Middle Schools 2009 - 2010	Our School 2008 - 2009	Our School 2009 - 2010
High Academic Achievement ▶ Because of federal privacy regulations, the actual values for these measures are not shown if the percentage is greater than 95 percent or less than 5 percent. Disparity between socioeconomic groups is shown as a positive percentage when non-economically disadvantaged students outscore economically disadvantaged students; a negative percentage indicates the reverse. <i>Data effective as of 8/27/10</i>	▶ Students performing at or above grade level overall ¹	—	75.5%	62.1%	65%
	▶ Students performing at or above grade level in reading	95%	69.9%	56.2%	59.1%
	▶ Students performing at or above grade level in math	88%	81%	72.3%	70.8%
	▶ Students performing at or above grade level in Algebra 1 ¹	—	>95%	—	>95%
	▶ Students performing at or above grade level in science	80%	70.3%	48.2%	62.1%
	Disparity between racial/ethnic groups in reading	10%	33.8%	23.7%	63.8%
	Disparity between racial/ethnic groups in math	10%	24.2%	18.3%	51.4%
	Disparity between racial/ethnic groups in science	10%	37.8%	41%	44.7%
	Disparity between socioeconomic groups in reading	10%	31%	14.9%	20.2%
	Disparity between socioeconomic groups in math	10%	20.7%	10.1%	14.3%
Disparity between socioeconomic groups in science	10%	31.4%	13.5%	34%	
Effective Educators Click to view teacher survey results	Teachers deemed highly qualified, having appropriate educational backgrounds and state certification(s) for the grade levels and subjects they are teaching	98%	99%	99%	100%
	National Board-certified teachers	17%	10%	10%	11%
	Teachers with graduate degrees	37%	35%	39%	43%

	Number of business and community partnerships	Increase by 25% district-wide	87	0	5

¹ Not a CMS 2010 goal

² Based on responses to surveys; multiple survey items may have been used to create a composite

³ Incidents per 100 students

⁴ Per 100 students

CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

▶ Adequate Yearly Progress (AYP)

Our school **DID NOT** make AYP
(25 of 29 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit www.dpi.state.nc.us/nclb/abcayp/overview/ayp

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

▶ ABC Designation

Our school's designation: **School of Progress (DID meet growth expectations)**

Proficiency:	2008-09	2009-10
	62.1%	64.9%

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

▶ Average Growth

State Standard	Our School:	2008-09	2009-10
80		82.2	82

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80 or higher.

▶ Amount of Growth for Students in the Lowest-Achieving Group

Our School 2008-09: 82 **Our School 2009-10: 71.6**

Are we helping our low achievers catch up? Historically, some economically disadvantaged and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the score for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

▶ Students Making or Exceeding a Year's Worth of Growth

State Standard	Our School:	2008-09	2009-10
60%		60.6%	59%

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

▶ Positive Responses to Student Survey Items

Our School's Results:	2008-09	2009-10
Safety	82.4%	76.6%
Encouragement	94%	95.4%
Engagement	94.4%	90.4%

Is our school environment conducive to learning? This measure is subjective—it is taken from a student survey.

[Click to view student survey results.](#)

▶ Return-on-Investment Index

CMS Middle School Index: 59.4 **Our School Index: 53**

Return on Investment is calculated by comparing students' academic growth to the per-pupil expenditure. This measure is intended to help parents and community members understand how money is spent in our schools. [Click here for more information.](#)

For more information on our school's performance, visit <http://pmd.cms.k12.nc.us>
