

▶ Martin Luther King, Jr. Middle School

A Message from the Principal

To the Martin Luther King, Jr. Middle School community:

This is the third School Progress Report for Martin Luther King, Jr. (MLK) Middle. We are sending this to you so that you may be fully informed about our students' learning progress, our staff and our school community.

We are proud that we achieved our 2009-2010 growth goals in reading and math, and that our students made High Growth in math while continuing to improve in reading. However, we did not make Adequate Yearly Progress, the standard set for schools by the No Child Left Behind Act. We met 19 of our 25 targets, but as a Title I school, it is imperative that we work to achieve 100 percent of those targets.

Our staff and students excelled in other areas, too. For example, we are making strides in improving our students' attendance records. We were also successful in maintaining a safe and orderly school environment, as reflected by a reduction in student suspensions and almost perfect safe-school audits.

Student-learning data reveals the success of our eighth-grade math students and staff in setting the standard for excellence in math achievement. Each member of our math team understands the grade-level content completely, assesses student progress regularly and thoroughly, modifies instruction accordingly and works closely with teammates to share ideas to increase student learning. We will seek to emulate the example of the eighth-grade math team with all of our teaching and administrative teams.

We will continue to offer Title I Supplemental Education Services (SES). Through SES, outside educational agencies will offer

(Principal's message continued on next page)

2009-2010 KEY FACTS

Data effective as of spring 2010

Grades

6 - 8

School Population

- Students: **833**
- Classroom Teachers: **53**
- Support Staff:
 - 2 Assistant Principals
 - 3.5 English as a Second Language Teachers
 - 0.6 Speech Pathologists
 - 5.5 Exceptional Children Teachers
 - 1 Social Worker
 - 2.3 Academic Facilitators
 - 2 Counselors
 - 30 Other

Student Demographics

- African-American..... **60.1%**
- White.....**2.3%**
- Hispanic.....**32.3%**
- Asian.....**3.1%**
- Other.....**2.2%**
- Economically.....**90.2%** disadvantaged students

Additional Facts*

- Per-pupil expenditure **\$5,427**
- Teacher-to-pupil ratio **1:18**
- Student-mobility rate.....**26%**

**Click here for more information.*

▶ Martin Luther King, Jr. Middle School

(Principal's message continued)

after-school free tutoring, valued at \$1,400 for each student, to economically disadvantaged MLK students. We hope to see more students take full advantage of these learning opportunities in the 2010-2011 school year.

MLK is fortunate to have a supportive community. Although our parents and faculty are faced with the challenges of difficult economic times, we have full houses for PTA meetings and an active PTA board and School Leadership Team. We continue to offer a number of extracurricular partnership programs, including Citizen Schools, Communities In Schools, Charlotte-Mecklenburg Police Department's Gang of One's school attendance and leadership development, CMC Behavioral and Mental Health counseling services, Living Waters' mentoring, Target reading, Hands on Charlotte, Bobcat's Character Development Program and Park &

Recreation community use. This year, we welcome a new partnership with the Q Foundation's youth sports and mentoring program.

Given our steady academic progress, wide variety of learning opportunities, dedicated faculty and supportive community, we are certain that we are moving toward our vision of MLK as a center of lifelong learning. This is a school where students dream dreams, and where teachers, parents and the community unite to help them come true.

Sincerely,
Melissa Dunlap
Principal

What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2009-10 school year in making progress on these seven goals. On the final page, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

Martin Luther King, Jr. Middle School

PROGRESS REPORT

CMS 2010 Strategic Plan Goals	Key Performance Measures	CMS 2010 Goal	CMS Middle Schools 2009 - 2010	Our School 2008 - 2009	Our School 2009 - 2010
High Academic Achievement ▶ Because of federal privacy regulations, the actual values for these measures are not shown if the percentage is greater than 95 percent or less than 5 percent. Disparity between socioeconomic groups is shown as a positive percentage when non-economically disadvantaged students outscore economically disadvantaged students; a negative percentage indicates the reverse. <i>Data effective as of 8/27/10</i>	▶ Students performing at or above grade level overall ¹	—	75.5%	49.9%	50.4%
	▶ Students performing at or above grade level in reading	95%	69.9%	41.9%	43.5%
	▶ Students performing at or above grade level in math	88%	81%	59.1%	63.2%
	▶ Students performing at or above grade level in Algebra 1 ¹	—	>95%	—	>95%
	▶ Students performing at or above grade level in science	80%	70.3%	35.9%	26.4%
	Disparity between racial/ethnic groups in reading	10%	33.8%	28.1%	39.3%
	Disparity between racial/ethnic groups in math	10%	24.2%	27.7%	16.2%
	Disparity between racial/ethnic groups in science	10%	37.8%	15.2%	34.3%
	Disparity between socioeconomic groups in reading	10%	31%	3.9%	21.4%
	Disparity between socioeconomic groups in math	10%	20.7%	1.2%	13.3%
Disparity between socioeconomic groups in science	10%	31.4%	6.8%	14.3%	
Effective Educators Click to view teacher survey results	Teachers deemed highly qualified, having appropriate educational backgrounds and state certification(s) for the grade levels and subjects they are teaching	98%	99%	97%	100%
	National Board-certified teachers	17%	10%	5%	7%
	Teachers with graduate degrees	37%	35%	29%	28%
	Teachers' average years of experience	11.1	10	9.3	9.1
Adequate Resources & Facilities	Student/Computer Ratio	5:1	3:1	3:1	3:1
	Teachers who indicate satisfaction with school facilities	—	70.7%	—	92.4%
Safe & Orderly Schools	Passed the CMS safe school audit	100%	97%	YES	YES
	Parents who indicate this is a safe school ²	70%	93.4%	Insufficient Response	87.7%
	Students who indicate this is a safe school ²	80%	85.3%	84.3%	84%
	Teachers who indicate this is a safe school ^{1,2}	—	84.1%	88%	83.8%
	Number of incidents resulting in in-school suspensions ^{1,3}	—	33.6	24.2	34.6
	Number of incidents resulting in out-of-school suspensions ^{1,3}	—	42	64.5	59.4

¹ Not a CMS 2010 goal

² Based on responses to surveys; multiple survey items may have been used to create a composite

³ Incidents per 100 students

⁴ Per 100 students

CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

▶ Adequate Yearly Progress (AYP)

Our school **DID NOT** make AYP
(19 of 25 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit www.dpi.state.nc.us/nclb/abcayp/overview/ayp

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

▶ ABC Designation

Our school's designation: **Priority School**
(DID meet high growth expectations)

Proficiency:	2008-09	2009-10
	49.9%	50.4%

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

▶ Average Growth

State Standard	Our School:	2008-09	2009-10
80		81.1	83

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80 or higher.

▶ Amount of Growth for Students in the Lowest-Achieving Group

Our School 2008-09: 80.3 Our School 2009-10: 82.7

Are we helping our low achievers catch up? Historically, some economically disadvantaged and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the score for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

▶ Students Making or Exceeding a Year's Worth of Growth

State Standard	Our School:	2008-09	2009-10
60%		53.7%	61.5%

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

▶ Positive Responses to Student Survey Items

Our School's Results:	2008-09	2009-10
Safety	84.3%	84%
Encouragement	93%	96.2%
Engagement	93%	93.5%

Is our school environment conducive to learning? This measure is subjective—it is taken from a student survey.

[Click to view student survey results.](#)

▶ Return-on-Investment Index

CMS Middle School Index: 59.4 Our School Index: 53.8

Return on Investment is calculated by comparing students' academic growth to the per-pupil expenditure. This measure is intended to help parents and community members understand how money is spent in our schools. [Click here for more information.](#)

For more information on our school's performance, visit <http://pmd.cms.k12.nc.us>
