

# Pineville Elementary School

## A Message from the Principal

Dear Pineville Elementary School families:

It is important to keep our Pineville Elementary families informed and connected through our School Progress Report. It highlights our students' academic progress, our staff and our school environment. It also addresses areas where we need to improve.

You will notice from this report that Pineville students continue to make academic progress. We have experienced an increase in diversity and in our population of economically disadvantaged students. We welcome this influx of students from varying backgrounds. Our school community continues to improve its effectiveness through the combined efforts of our parents, students and staff. We are constantly introducing new teaching and learning strategies while continuing established programs that have proven successful. There are only two types of schools: those that are improving and those that are in decline. I am pleased to say that our school falls within the former category. To further improve our school this year, we are focusing on boosting teacher effectiveness, increasing student engagement and instituting a school-wide character-education program.

As you read this report, you will notice how many of our students are proficient in math, reading and writing. While we did not make Adequate Yearly Progress (AYP), the standard set for schools by the No Child Left Behind Act, we have met 96.3 percent of our AYP targets in 2007-2008, 2008-2009 and 2009-2010.

We are pleased to offer a variety of programs that meet the needs of all our students. Our school-wide Accelerated Reader program continues to provide motivation to read. Our systematic

*(Principal's message continued on next page)*

## 2009-2010 KEY FACTS

Data effective as of spring 2010

### Grades

K - 5

### School Population

- Students: **672**
- Classroom Teachers: **35**
- Support Staff:
  - 1 Assistant Principal
  - 2 English as a Second Language Teachers
  - 1 Speech Pathologist
  - 2 Exceptional Children Teachers
  - 2 Academic Facilitators
- 0.6** Talent Development Teachers
  - 1 Counselor
  - 34 Other

### Student Demographics

- African-American..... **22.6%**
- White..... **41.2%**
- Hispanic..... **26.9%**
- Asian..... **4%**
- Other..... **5.2%**
- Economically..... **65.4%**  
disadvantaged students

### Additional Facts\*

- Per-pupil expenditure ..... **\$5,175**
- Teacher-to-pupil ratio ..... **1:22**
- Student-mobility rate ..... **20%**

# ► Pineville Elementary School

*(Principal's message continued)*

commitment and the delivery of this program have helped to improve students' reading proficiency. In addition, our Intensive Reading model has proven to be successful in supporting struggling students to reach benchmark goals and experience success.

When you visit our school, you will experience our warm, inviting and open environment. Our mascot is the Smiler, which symbolizes the joy of learning. We have been able to blend the strength of a small-town community with the benefits of being part of a large urban district. I believe success comes when teachers, parents and the community unite as a partnership to serve all students.

Our 35 classroom teachers are all highly qualified. We have two literacy facilitators, 10 regular-education teacher assistants, one Exceptional Children teacher assistant and four special-area teachers. All of our staff members enjoy working

with students in a safe, orderly environment that encourages academic success and character development.

I am confident that Pineville students will be ready to compete in the global economy of the 21st century. I am passionate and serious about leading Pineville Elementary. It is a challenging time to be an educator, student or parent. It is also an exciting time. Your awareness of the progress of our school and involvement in the educational process will help us better prepare our children for the future.

Sincerely,  
Brian Doerer  
*Principal*

## What is the School Progress Report?

In 2006, we introduced the *Charlotte-Mecklenburg Schools Strategic Plan 2010* outlining our vision and strategy to educate our students to compete locally, nationally and internationally.

The plan outlines seven areas of concentration: high academic achievement; effective educators; adequate resources and facilities; safe and orderly schools; freedom and flexibility with accountability; world-class service, and strong parent and community connections. This report summarizes how our school performed in the 2009-10 school year in making progress on these seven goals. On the final page, you will also find an explanation of federal and state accountability measures.

Educators and parents have a common goal of preparing our children to compete in an ever-growing global community. Working together requires frequent dialogue between school and parents, so please feel free to contact the principal or any staff member at our school.

REACH FURTHER.

# Pineville Elementary School

## PROGRESS REPORT

CMS 2010 Strategic Plan Goals	Key Performance Measures	CMS 2010 Goal	CMS Elem. Schools 2009 - 2010	Our School 2008 - 2009	Our School 2009 - 2010

<sup>3</sup>Incidents per 100 students

<sup>4</sup>Per 100 students

# CMS Accountability Measures

The learning of students in public education is measured in multiple ways. There are assessments given at regular intervals by CMS—tests that we use to measure how students are learning as the school year progresses. Other tests are required by the state and given once or twice a year, such as End-of-Course and End-of-Grade tests. Some of the state test results are also used to calculate district progress on the federal standard of Adequate Yearly Progress for each student. This page provides brief explanations of some of the measures and tests used in CMS.

## ▶ Adequate Yearly Progress (AYP)

Our school **DID NOT** make AYP  
(26 of 27 goals met)

The federal No Child Left Behind Act requires that every school make Adequate Yearly Progress (AYP). AYP is an all-or-nothing standard: Every target must be met.

State test results are used to set AYP targets. There are separate targets for the school as a whole and for nine subgroups of students: white, black, Hispanic, Native American, Asian, multiracial, economically disadvantaged students, students with limited English proficiency and students with disabilities. Subgroups of students are measured separately so that an overall score for a class or a school does not mask poor results within a subgroup.

Some schools are more diverse than others, so the number of subgroups varies by school. Therefore, the number of AYP targets varies by school, too. Some schools may have only a few targets to meet; others may have the maximum, which is 41. School attendance and graduation rates are also measured for AYP.

For a more complete overview of AYP, visit [www.dpi.state.nc.us/nclb/abcayp/overview/ayp](http://www.dpi.state.nc.us/nclb/abcayp/overview/ayp)

For details of AYP results for our school and its student groups, visit <http://ayp.ncpublicschools.org>

## ▶ ABC Designation

Our school's designation: **School of Progress (DID meet growth expectations)**

Proficiency:	2008-09	2009-10
	76.6%	75.3%

The North Carolina ABCs program was introduced more than a decade ago to help schools improve. It uses two basic measures to assess a school's performance: the Average Growth of students (at right); and the Performance Composite, which measures how well students performed against a state-set standard of academic achievement.

Schools are given one of seven designations. In descending order, they are: Honor School of Excellence, School of Excellence, School of Distinction, School of Progress, No Recognition, Priority School, and Low Performing.

For more information about ABCs, visit <http://abcs.ncpublicschools.org/abcs>

## ▶ Average Growth

State Standard	Our School:	2008-09	2009-10
80		82.8	81.8

Did our students meet the state's expectation for academic growth? Each student is expected to perform as well (or better) on the End-of-Grade assessment as he or she did, on average, during the previous two years. Average Growth for a school is calculated by comparing actual performance to expected performance and then averaging the difference across all students and all subjects. The score above reflects the combined growth rate of all of our students. To make expected growth, a school must have a score of 80 or higher.

## ▶ Amount of Growth for Students in the Lowest-Achieving Group

Our School 2008-09: 81.4      **Our School 2009-10: 81.6**

Are we helping our low achievers catch up? Historically, some economically disadvantaged and minority students have trailed their classmates in academic achievement. This is called the achievement gap, and closing it is one of the biggest challenges in public education. If the lower-achieving students at a school show academic growth at a faster rate than higher-achieving students, the achievement gap is narrowed. When the score for this measure is higher than the Average Growth for the school, the school is closing the achievement gap.

## ▶ Students Making or Exceeding a Year's Worth of Growth

State Standard	Our School:	2008-09	2009-10
60%		61.3%	56.4%

Did our students learn as much as they were expected to learn this year? As described above, the state sets expectations for each student based on individual performance for the previous two years. Across the state, about half of students typically meet or exceed this growth expectation. To earn the high-growth designation, a school must meet the average-growth standard described above and also have more than 60% of its students make expected growth.

## ▶ Positive Responses to Student Survey Items

Our School's Results:	2008-09	2009-10
Safety	94.6%	91.7%
Encouragement	95.5%	96.6%
Engagement	97%	94%

Is our school environment conducive to learning? This measure is subjective—it is taken from a student survey.

[Click to view student survey results.](#)

## ▶ Return-on-Investment Index

CMS Elementary School Index: 50.9      **Our School Index: 56.2**

Return on Investment is calculated by comparing students' academic growth to the per-pupil expenditure. This measure is intended to help parents and community members understand how money is spent in our schools. [Click here for more information.](#)
