Discipline and Behavior Management Policy

Disruptive behavior in the After School Enrichment Program Summer Camp makes it difficult to provide appropriate supervision of your child. Therefore any student who repeatedly disobeys the rules will be referred to the Camp Director.

The discipline procedure will be as follows:

1. The first referral will result in a conference among the Camp Counselor, Camp Director and the child. The Camp Counselor will write a note explaining the disruptive behavior and the action that was taken to try to stop the inappropriate behavior. A verbal contract with the child will be reached and the parent will be informed about the incident and agreement.

2. After the second written referral, the Camp Director will call the parent. The behavior of the child will be discussed and the parent will be asked to participate in resolving the problem.

3. If a third referral is necessary, the parent will be called by the Camp Director, and a conference scheduled. Depending on the severity of the situation, the child may or may not remain in the program until a conference is held and a decision is reached.

4. After the conference, the Camp Director and/or the Camp Coordinator or Principal will determine whether or not the child's behavior will result in exclusion from After School Enrichment Program Summer Camp.

We Do Not:	We Do:
Spank, bite, pinch, punch, pull, slap, or otherwise physically punish children. Make fun of, yell at, threaten, make sarcastic remarks about, use profanity, or otherwise verbally abuse the children. Deny food or rest as punishment. Place the children in locked rooms, closets, or boxes as punishment. Allow discipline of children by children. Criticize, make fun of, or otherwise belittle children, their parents, families, or ethnic groups. Shame or punish children when bathroom accidents occur.	Praise, reward, and encourage children. Reason with children and set limits. Listen to the children. Model appropriate behavior. Modify the classroom environment to attempt to prevent problems before they occur. Treat children as people and respect their needs, desires and feelings. Explain things on their level. Provide alternatives for inappropriate behavior. Provide the children with natural and logical consequences of their behavior. Stay consistent in our behavior management.
