<b>When not at school, am</b>	When Im not I am in the boy scouts. I also serve with Friendship Missionary Baptist church where I am a Youth leader. I work at carowinds where im a supervisor. I serve at Elevation with some of their events. I participate in the NHS.
<b>Leadership experience</b>	I Have leadership experience with being a youth leader at friendship. I lead the youth and serve as their guide through life. Im always there to help and assist. I am a patrol leader in boyscouts, and I help other scouts with camping trips, and learning the essential task of scouting.
<b>Why I want to serve</b>	I want to serve this role, because I know that I can be the voice for others. I want to improve on the established environment of CMS, and build upon it even more. i know that anything I do I will put my all into it. I will advocate for all students. I will make sure needs are met for all.
<b>#1 thing to achieve CMS vision and mission</b>	In my opinion CMS needs to make sure every school is equal. Its quite obvious that some schools have access to more resources than others. I feel as though CMS needs to expand the areas for some schools, and have kids from different areas go to other schools. This will make it even.
<b>K-12</b>	I do not think they do, because there are schools that have better

<b>opportunity for success</b>	education tools, and are given a better environment which contributes to resources. I will solve this problem by speaking up for the quiet voices. I will make it my full responsibility to make sure opportunities are given fairly.
<b>What does CMS do well? What could CMS do better?</b>	CMS does a good job at having programs for students that will help them later in life. The Early and Middle College programs are fantastic. I am currently saving at the least 30,000 dollars for classes and books. I feel as though CMS could do better with social and emotional help.
<b>CMS success I will help lift up</b>	A CMS success that does not get enough attention is programs that they provide to students. A great program such as road to hire, which provides students with a opportunity to an internship. I will promote more programs similar to it, so that students will feel encouraged to participate.
<b>CMS issue I will help solve</b>	A CMS issue that is not getting enough attention is sexual assault. I feel as though it is an issue that needs more attention, and follow through with staff members. I think that it should have attention by everyone. I will advocate, and try to come up with better solutions to solve the problem.
<b>Other info</b>	I want people to know that I am a nice and warm welcoming. I believe that you need to advocate and strive towards whats right regardless of the odds against. I am confident and strategical individual when it comes to solving task. I am a student in cms just like everyone else, ALL OUR VOICES MATTER.
