

Virtual Schools Enrollment Update

Open enrollment is closed for the CMS virtual academies.

Enrollment for 2021 – 22 is available only to those students or families with a medical or health condition. Admission is not guaranteed.

- Apply using the request for transfer process.
- Go to Select “medical or health condition” as the reason for the transfer.
- A completed medical packet will be required.

Students who applied prior to September 1, were placed on a waitlist and will be accommodated as additional teachers are onboarded.

Students on the waitlist must attend their currently assigned schools while until notified they will be admitted to the virtual school.

Students without a single day of attendance in the first 10 days of school will be automatically withdrawn from CMS, and removed from both their assigned school and the CMS virtual school waitlist.

CMS Virtual Schools

Charlotte-Mecklenburg Virtual Elementary School (serving grades 3-5 for 21 – 22 year)

Charlotte-Mecklenburg Virtual Middle School

Charlotte-Mecklenburg Virtual High School
