Test-Prep ACT®
Course Overview

Course Number: N/A

Grade level: 9-12

Prerequisite Courses: None

Credits: N/A

Course Description

This ACT Prep courses provide a thorough review of the concepts and skills relevant to the ACT content and questions. The courses begin with an introduction explaining the ACT format and structure. The courses then provide the students with a diagnostic pretest that assesses areas of strength and weakness to determine the target skills for practice throughout the course. Based on the assessment results, a personalized learning plan is created to provide the most efficient and effective preparation possible. These courses provide a thorough review of all target skills that should be acquired before the ACT in the areas of mathematics, reading, writing, and science.

Student Expectations

These ACT Prep courses require the same level of commitment from you as a traditional in-person tutor. Throughout the course, you are expected to complete the following activities, according to your individual pretest concept mastery needs:

- Diagnostic Pretest which determines which concepts need to be reviewed
- Interactive lessons that include a mixture of instructional videos and tasks
- Assignments and quizzes in which you apply and extend learning in each lesson

Communication

Your teacher will communicate with you regularly through discussions, email, chat, and system announcements. You will also communicate with classmates, either via online tools or face to face, as you ask and answer questions in your peer group and develop your speaking and listening skills.

Edgenuity™

Grading Policy

You will be graded on the work you do online and the work you submit electronically to your teacher. The weighting for each category of graded activity is listed below.

Grading Category	Weight
Assignments	32%
Lesson Quizzes	68%
Diagnostic Tests	0%
